*Straight-Rail Stairlifts*

BREAKING THE BARRIERS

**400 lb.  
CAPACITY!**

*Battery-Powered  
Stairlifts*

**Compact 5" Width**

# Adjustable

Introducing the *Electra-Ride Elite Straight-Rail Stairlift* featuring: ♦ *Maximum seating flexibility* ♦ *Ultra-compact design* ♦ *Clean, attractive styling*

## Flexible Seating

No matter what challenge you face, the *Electra-Ride Elite* seating can be adjusted to meet your needs. The seat height can be adjusted from 19" – 24-½". The footrest can also be adjusted to make the unit even more comfortable. The armrests independently flip up for easy wheelchair transfer.

## Compact

The *Electra-Ride Elite* features a streamlined, ultra-compact design. *The Electra-Ride Elite rail installs to within 5" from the wall!* Plus, the seat and arms of the carriage flip up and out of the way when the unit is not in use. You and your guests will get up and down the stairs with ease!

## Clean Design

The unique, yet simple design of the *Electra-Ride Elite Straight-Rail Stairlift* hides the mechanical components, keeping the grease and dust away from you and your clothes.

## Reliable Operation

The *Electra-Ride Elite* uses two 12-volt batteries which are continuously charged by a state-of-the-art battery charger that plugs into any household outlet.

Bruno's leading-edge technology assures you access up and down your stairway *even* if the electrical service in your home is interrupted.

The arms, seat and footrest flip up, creating plenty of space for guests to walk up the stairs.

The *Electra-Ride Elite's* hidden, rack-and-pinion drive system provides a smooth ride, without hesitation, when the unit stops and starts.

BRUNO  
**Electra-Ride™ Elite**

# Affordable

*With Bruno, your lifestyle doesn't have to be limited by stairs.  
Enjoy the home you love...upstairs and down!*

## Safety

When traveling up and down your stairs, the Electra-Ride Elite will automatically stop when it "senses" any obstacles. Plus, when you're ready to get off of the unit upstairs, the seat easily swivels so you face the hall. (A retractable seat belt is standard.) The Electra-Ride Elite meets all ANSI A-18.1 residential requirements as well as all public building specifications (with the optional commercial package).

## Less Costly

The Electra Ride Elite is simpler and less costly to install than other units since there is no need to install additional electrical outlets...it's completely battery powered!

The seat arms flip up and out of the way for easy wheelchair transfers. The swivel seat lever is conveniently located under the arm.

The two, wireless call/send controls make installation simple and clean with no wires running along the wall.

## Electra-Ride™ Elite SRE-2000 Specifications

### Exceptional Value

- ♦ Locking swivel seat at the top and bottom of the stairway.
- ♦ Two, remote, wireless call/send controls.
- ♦ Generous seat size – 20" between the arms.
- ♦ Footplate safety sensor and retractable seat belt.
- ♦ Charging-station indicator lights at the top and bottom of the stairway.
- ♦ Onboard diagnostics make service easier and more precise.
- ♦ Meets all ANSI - A18.1 requirements.
